

Certificate No: TAE0000479

# TYPE APPROVAL CERTIFICATE

This is to cortifu		
This is to certify: That the Light Fitting		
with type designation(s) 6125/2 Series		
Issued to		
R. STAHL Schaltger Waldenburg, Germany	äte GmbH	
is found to comply with  DNV GL rules for classification	– Ships, offshore u	nits, and high speed and light craft
Application :		
Product(s) approved by this coby DNV GL.	ertificate is/are acce	epted for installation on all vessels classed
Vibration class	Α	
Degree of protection	IP 66	
Temp. class	D	
Voltage (V) Suitable for Hazardous areas		50Hz   110 - 250V DC
Issued at <b>Hamburg</b> on <b>2020-12</b>	)-16	
_		Con DAIN CL
This Certificate is valid until 2025	o-1 <i>2</i> -15.	for <b>DNV GL</b>
DNV GL local station: <b>Augsburg</b>		

LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV GL AS, its parent companies and subsidiaries as well as their officers, directors and employees ("DNV GL") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to 300,000 USD.

Form code: TA 251 Revision: 2020-02 www.dnv

Approval Engineer: Maik Gagern

Arne Schaarmann **Head of Section** 

This Certificate is subject to terms and conditions overleaf. Any significant change in design or construction may render this Certificate invalid. The validity date relates to the Type Approval Certificate and not to the approval of equipment/systems installed.

Job Id: **262.1-034598-1** Certificate No: **TAE0000479** 

## Product description\*

LED Flood Light

```
P = 100W
Type
       6125/2...-1...:
                                                      P = 120W
       6125/2...-2...:
       6125/2...-3...:
                                                      P = 160W
       6125/2...-4...:
                                                      P = 190W
       6125/2...-5...:
                                                      P = 225W
       Rated Voltage (without DALI Module):
                                                      110 ... 277 V AC, 50/60 Hz
                                                      196 ... 250 V DC
       Rated Voltage (with DALI Module):
                                                      100 ... 277 V AC, 50/60 Hz
                                                      110 ... 250 V DC
       IP Rating
                                                      IP 66
                                                      Œx⟩ II 2G
       Explosion Protection:
                                                                     Ex db eb op is IIC T4 Gb
                                                                     Ex tb op is IIIC T100°C Db
```

## Application/Limitation

Maker's instructions are to be observed.

\*Note: All details about electrical explosion protection mentioned in this certificate are for information only. For relevant binding information the corresponding Certificate of Conformity with regard to electrical explosion protection, issued by a recognised Authority, shall be observed.

Location Classes:
Vibration: A
Humidity: B
Temperature: D
EMC: B

### Type Approval documentation

#### **Tests carried out**

Applicable tests according to DNV GL Class Guideline DNVGL-CG-0339, Edition December 2019

## Marking of product

Maker's trademark Type designation Rated Voltage

Electrical explosion protection: Type of protection and marking according to the applicable Certificate of Conformity \*

## **Periodical assessment**

The scope of the periodical assessment is to verify that the conditions stipulated for the Type approval are complied with and that no alterations are made to the product design or choice of materials.

The main elements of the assessment are:

- Inspection on factory samples, selected at random from the production line (where practicable)
- Results from Routine Tests (RT) checked (if not available tests according to RT to be carried out)
- Review of type approval documentation
- Review of possible change in design, materials and performance

Form code: TA 251 Revision: 2020-02 www.dnvql.com Page 2 of 3

Job Id: **262.1-034598-1** Certificate No: **TAE0000479** 

• Ensuring traceability between manufacturer's product type marking and Type Approval Certificate.

Periodical assessment is to be performed after 2 years and after 3.5 years. A renewal assessment will be performed at renewal of the certificate.

## **END OF CERTIFICATE**
